Company Profile

2024/25

About us

Established in the heart of India's ceramic hub, Morbi, Asticon sanitary Ware is a leading manufacturer of premium-quality wash basins and closets. Since our inception, we have been committed to delivering innovative and stylish sanitary solutions that blend functionality with design excellence. With a strong foundation built on the expertise of our experienced directors, who have been part of the ceramic industry since 2006, Asticon Sanitary Ware is a trusted name in the market.

Our product range includes a diverse selection of sanitary ware, catering to various styles and preferences. We offer an array of wash basins, including tabletop, pedestal, and wall-mounted designs, each crafted to elevate bathroom aesthetics. In addition, we manufacture closets in multiple types such as one-piece, wall-hung, and other contemporary designs, providing comfort and elegance for every bathroom space.

Our Philosophy

01 Our Mission

At Asticon Sanitary Ware, our mission is to enhance the quality of everyday living by offering innovative and elegant sanitary solutions that combine design and functionality. We aim to set benchmarks in the industry by continuously evolving our product range, ensuring that every wash basin, closet, and sanitary product we create delivers value, durability, and style. With a focus on customer satisfaction, we strive to be the brand of choice for those who seek superior craftsmanship and cutting-edge designs.

02 Our Vision

Our vision is to be recognized globally as a leader in the sanitary ware industry, synonymous with quality, innovation, and style. We are committed to pushing the boundaries of design, setting trends that shape the future of modern bathrooms. By expanding our presence in new markets and consistently elevating our product offerings, we envision a future where Sanitary Ware is a household name, trusted by customers around the world.

03 Our Vision

At the core of Asticon Sanitary Ware are values that define who we are and guide everything we do. We believe in innovation, consistently developing products that meet the changing needs of our customers. We are committed to quality, ensuring that every product we manufacture meets the highest standards. Integrity, trust, and customer-centricity are the pillars that support our business, driving us to build lasting relationships with our clients and partners.

04 Ambition

At Asticon Sanitary Ware, our commitment goes beyond just manufacturing sanitary products. We are dedicated to delivering an exceptional customer experience, from the moment you choose our products to long after installation. Our focus is on providing reliable, durable, and aesthetically pleasing solutions that stand the test of time. We also prioritize sustainable practices, ensuring that our processes and materials contribute to a greener, more eco-friendly future.

Products

At Asticon Sanitaryware, we offer a comprehensive range of high-quality sanitaryware products designed to enhance both functionality and style in any bathroom setting. Our collection includes a variety of washbasins that blend modern aesthetics with practical usability, ensuring that each piece complements diverse design themes. Additionally, we provide an array of closet options, including floor-mounted, wall-hung, and one-piece models, crafted from durable materials to withstand the test of time. Each product is meticulously designed and rigorously tested to meet industry standards, reflecting our commitment to quality and customer satisfaction. Explore our innovative solutions and transform your bathroom into a haven of comfort and elegance.

Quality that speaks

We prioritize exceptional quality in every product, ensuring that our sanitary ware meets rigorous standards for durability, safety, and performance, giving our customers peace of mind.

Luxury at Fingertip

Our designs embody luxury and sophistication, transforming bathrooms into elegant spaces. We believe that style and comfort should go hand in hand, making each piece a statement of refinement.

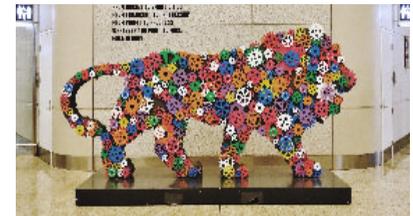

R&D at Peak

Committed to innovation, our dedicated research and development team continually explores new technologies and materials, allowing us to introduce cutting-edge products that enhance user experience and meet evolving market demands.

Made in India

Proudly embracing the "Make in India" initiative, we focus on producing our sanitaryware locally, contributing to the nation's economy while ensuring that our products are crafted with precision and care right here at home.

Manufacturing Excellence

At asticon Sanitaryware, manufacturing excellence is the cornerstone of our operations. We employ state-of-the-art technology and advanced production techniques to ensure that every piece of sanitaryware meets our rigorous standards for quality and performance. Our skilled workforce is trained in the latest manufacturing practices, enabling us to maintain precision and consistency throughout the production process.

With a focus on efficiency and sustainability, we continuously optimize our manufacturing processes to reduce waste and enhance productivity. This commitment to excellence not only guarantees superior products but also reflects our dedication to customer satisfaction and environmental responsibility.
